VA Questions And Answers

EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q - What is the current amount of compensation payable for a 10 per cent service-connected disability?

A - Effective Oct. 1, 1978, compensation rates were increased by 7.3 per cent. The 10 per cent rate was increased from $41 to $44 per month.

Q - Did the Veterans Housing Benefits Act of 1978 increase the amount of loan guaranty?

A - The Veterans Housing Benefits Act of 1978 increased the amount of loan guaranty from $17,500 to $25,000. The law provides for a guaranty not to exceed 60 per cent of the amount of the loan, or $25,000, whichever is less.

Q - I have maintained my Ordinary Life NSLI policy since WWII. How can I obtain a loan against this policy and how much can I borrow?

A - A veteran may borrow against the cash value of his permanent insurance policy. The loan amount cannot exceed 94 per cent of the cash value of the policy at the time of the loan. Veterans should submit VA form 29-1547, Insurance Loan Request, to the VA insurance center which maintains their policy.

Appomattox Students Participate in Special Olympics

The winter games of the Special Olympics was held Saturday, December 2, at Lynchburg College.

Twelve students from Appomattox County Schools competed in the basketball competition. Each student received a t-shirt and a participants ribbon in addition to the ribbons they won in their division.

Chaperones in the trip were Velma Johnson, Jill Noble, Nancy Goodman, Laurie Harwood, and Evelyn Ford.

Q. Is it true that many doctors recommend breast feeding or feeding a baby an iron-fortified formula for at least 12 months?

A. Yes it is. The first year of life is an extremely important period of rapid growth and development. During this period a baby usually triples his birth weight and needs the nutrients provided by a beverage specially designed to meet the nutritional demands of rapid growth. Proper nutrition during this important period will not only get your baby off to a good start, but it may affect his well-being for years to come.

A sure way of giving your baby a sound nutritional foundation for a lifetime of health is to breast feed or feed him or her an iron-fortified formula such as Enfamil With Iron from birth. When bottle or breast feeding is stopped, continue to feed your baby iron-fortified formula until he is at least 12 months of age.

The Earth Stove

Tired of wasting wood in inefficient stoves & fireplaces?

- The Earth Stove burns ½ the fuel of many stoves because pre-heating draft manifold promotes efficient and complete combustion like solid fuel power plants. Super-heated air prevents "cooling" of fire unlike manual "hole" drafts do. Even large chunks burn slowly and completely—eliminates frequent ash removal.
- Wood gases not wasted. Secondary drafts introduce oxygen above primary fire zone to burn volatile gases such as methanol, pyroligneous acid, etc.
- Converts to open fire instantly

The Earth Stove makes use of modern technology to capture the good qualities of Wood Heat

The "TIDEWATER DANCE THEATRE, INC." will present their "Winter Performance" Saturday, December 16th at Appomattox County High School. Chartered in April of 1973, the company consists of 23 members and is home-based in Hampton, Virginia.

Opening this performance will be "CHARMAINE," a 3-act character work taken from the company's active repertoire. In the 1st act the dancers are seen in a bustling Paris streetscene. As originally set, Terri Briggs will once again portray the role of Charmaine and Fred Gebron as the Gendarme. Luann Cook and Bobby Wright will make their first solo appearances with the company as the Flowergirl and Streetsweeper. Opening Act 3 is a new show number by guest choreographer, Ric Salinas of New York City. It features Debby Musselwhite as soloist.

"OUT OF THE BLUE," a newly created abstract ballet by resident choreographer Deborah Chilberti will be premiered. Choreographed for 10 dancers the ballet was developed not to tell a specific story, but to visualize strong music in dance terms. It is set to Gershwin's "Rhapsody in Blue" and features as soloists, Leslie Knight and Jana Stein.

"THE WINTER SCENE," the company's annual Christmas Ballet will close the program. Set to music by Vivaldi and staged by Artistic Director Elizabeth Evans, the classical ballet depicts the anxieties of a lonely skater lost amidst the darknes of a winters night. Upon the arrival of day, her friends return and a joyful reunion takes place. In her first major role, Suzi Venable will dance the part of the lost skater.
